

The Program

Wednesday 17

9.30 Registration and coffee(E0.01)

10.30 Opening by Prof.dr J.F.A.K. van Benthem(D0.18)

Chair: Michael Moortgat (C1.17)

Chair: Herman Hendriks (C2.17)

11.00 – 11.30 *Gerhard Jäger*
Anaphora and ellipsis in type logical grammar *Jonathan Ginzburg*
On some semantic consequences of turn taking

11.30 – 12.00 *Glyn Morrill*
Proof syntax of discontinuity *Kees Vermeulen and Heleen Hoekstra*
Presuppositions among friends

12.00 – 12.30 *Geert-Jan M. Kruijff*
Logical grammar with dependencies as categories *Emiel Krahmer and Kees van Deemter*
Partial matches and the interpretation of anaphoric noun phrases

lunch

The Semantics of Topic and Focus in Discourse
Chair: Jeroen Groenendijk (D1.18)

14.00 – 14.50 *Robert van Rooy*
The context-dependence of questions and answers

14.50 – 15.40 *Paul Piwek*
Accent interpretation, anaphora resolution and implicature derivation

tea

16.10 – 17.00 *Kjell Johan Sæbø*
Topic, focus, and quantifier raising

Chair: Hans Rott (D1.18)

17.00 – 18.00 *Keith Stenning*
Logic and psychology—some history and a future?

18.30 – 20.00 Reception

Thursday 18

Chair: Remko Scha (A0.08)

Chair: Henk Verkuyl (D1.08)

9.30 – 10.00

Wilfried Meyer Viol
Parsing as tree construction

L.M. Tovenia and J. Jayez
Any as a Finian Quantifier

10.00 – 10.30

*Ruth Kempson, Wilfried Meyer-Viol and
Dov Gabbay*
On representationalism in semantics: a
dynamic account of *wh*

Anastasia Giannakidou
Linking sensitivity to limited distribution

10.30 – 11.00

*Rodger Kibble, Lutz Marten and Wilfried
Meyer Viol*
Incremental interpretation using a tree
description language

Chungmin Lee
Negative polarity and free choice: where
do they come from?

coffee

Chair: Jan van Eijck (A0.08)

Chair: Alice ter Meulen (D1.08)

11.30 – 12.00

Tsutomu Fujinami
A decidable linear logic for transforming
DRSs in context

Henriëtte de Swart
Indefinites in a type-shifting perspective

12.00 – 12.30

Tim Fernando
A modal logic for non-deterministic
disambiguation

Martin Honcoop
An intensional version of existential
disclosure

lunch

Games in Logic

Chair: Yde Venema (D1.18)

14.00 – 14.50

Erik Krabbe
Lorenzen dialogue games: an approach to interpersonal reasoning

14.50 – 15.40

Robin Hirsch and Ian Hodkinson
Games in algebraic logic

tea

16.10 – 17.00

Gabriel Sandu
Games in the semantics of natural language

Chair: Frans Zwarts (D1.18)

17.00 – 18.00

James Higginbotham
Some Notes on the Interface

Friday 19

Chair: Jaap van der Does (C0.17)

Chair: Wilfried Meyer-Viol (C2.17)

9.30 – 10.00
Petra Hendriks and Helen de Hoop
On the interpretation of semantic
relations in the absence of syntactic
structure

Dimitar Vakarelov
Proximity modal logics

10.00 – 10.30
Alice ter Meulen
Two dynamic strategies

Mario R.F. Benevides
A modal logic for finite graphs

10.30 – 11.00
Markus Egg and Michael Kohlhase
Dynamic control of scope
underspecification

Theo M.V. Janssen
A compositional semantics for the
game-theoretical interpretation of logic

coffee

Chair: Theo Janssen (C0.17)

Chair: Frank Veltman (C2.17)

11.30 – 12.00
Robert van Rooy
Descriptive pronouns in dynamic
semantics

Regine Eckardt
Intensional default reasoning

12.00 – 12.30
Massimo Poesio and Reinhard Muskens
The dynamics of discourse situations

Reinhard Blutner
Nonmonotonic logic and neural networks

lunch

The Semantics of Topic and Focus in Discourse
Chair: Barbara Partee (D1.18)

14.00 – 14.50
Ariel Cohen and Nomi Erteschik-Shir
Topic, focus and the interpretation of bare plurals

14.50 – 15.40
Klaus von Heusinger
Focus in complex noun phrases

tea

16.10 – 17.00
Bart Geurts and Rob van der Sandt
Presuppositions and backgrounds

Chair: Peter van Emde Boas (D1.18)

17.00 – 18.00
Jörg Siekmann
t.b.a. (Logic and computer science)

20.00 – 22.00
Canal Tour

Saturday 20

<i>Chair: Henriëtte de Swart (C0.17)</i>		<i>Chair: Reinhard Muskens (C2.17)</i>	
9.30 – 10.00	<i>Stefan H. Kaufmann</i> What's at Stake in Discourse	<i>Jaap van der Does and Michiel van Lambalgen</i> A logic of vision	
10.00 – 10.30	<i>Maribel Romero</i> Problems for a choice function approach to <i>which</i> -phrases	<i>Daniel Hardt and Nicholas Asher</i> A discourse account of argument containment effects	
10.30 – 11.00	<i>Fabien R. Reniers</i> The scope of indefinites; a multimodal analysis	<i>Harry P. Stein</i> Humpty Dumpty's knowledge of language, or: why linguists cannot be physicalists	
<i>coffee</i>			
<i>Chair: Paul Dekker (C0.17)</i>		<i>Chair: Henk Zeevat (C2.17)</i>	
11.30 – 12.00	<i>Hans Smessaert</i> Aspectual duality regained	<i>Maria Aloni</i> Quantification in dynamic semantics	
12.00 – 12.30	<i>Ralf Naumann and Chris Piñón</i> Decomposing the progressive	<i>Jelle Gerbrandy</i> Questions of identity	
<i>lunch</i>			
<i>Games in Logic</i> <i>Chair: Johan van Benthem (D1.18)</i>			
14.00 – 14.50	<i>Arnis Vilks</i> Logic and the foundations of game theory		
14.50 – 15.40	<i>Samson Abramsky</i> Games in the semantics of programming languages		
<i>tea</i>			
16.10 – 17.00	<i>Wilfrid Hodges</i> Games in logic		
<i>Chair: Renate Bartsch (D1.18)</i>			
17.00 – 18.00	<i>Edward N. Zalta</i> On the Application of Logic to Certain Philosophical Questions
