

## CONDITIONS OF OPERATION of Logic4Peace

**-Condition of Use of the funds raised by Logic4Peace.** Logic4Peace is a crowdfunding initiative that collects registration fees and donations to offer charitable assistance to persons affected by the war in Ukraine and to a charitable fund called 'Voices of Children'. All the fees and donations are collected via the Institute for Logic, Language and Information (ILLC) at the University of Amsterdam. After collection, the ILLC will (a) transfer 50% of all incoming funds directly to the Ukrainian co-organizing team headed by Prof. Iryna Khomenko, which takes responsibility to further distribute the funds to help colleagues and their families who need urgent financial support as a direct consequence of the ongoing war. ILLC will (b) transfer 50% of all incoming funds to support the charitable fund 'Voices of children', a nonprofit organization with a state registration number 43381277, which provides humanitarian aid and currently helps in the ongoing evacuation processes ([Голоси дітей \(voices.org.ua\)](http://Голоси дітей (voices.org.ua))).

**-Condition of Transparency:** A financial report about how much funding is collected via Logic4Peace, is to be made available on this website after the event. This report will specify the amounts that are to be used for each of the two causes (a) and (b) specified above. The names of the researchers who receive financial support for themselves and their families via this initiative within Ukraine can be made available to the organizing institutions and to sponsors of this event upon specific and well-motivated request. All provided information that the Ukrainian co-organizing team provides is to be handled in line with the European privacy protection laws. Before the conference takes place an auditor is appointed who will gain access to the financial information and can check the correctness of the financial report. The auditor need not be a finance professional, but is someone outside the main organization who will be provided with access to all relevant information.

**-Condition of Appropriateness and Fairness of the utilization of the funds raised:** The Ukrainian co-organizing team takes on full responsibility to make sure the financial support they receive is locally distributed in a fair way and appropriate use of the funding is made.

**-Condition of Accountability:** This organization takes place under the condition that the ILLC carries full responsibility for the financial management of the received funds at the initial stage of the collection in the Netherlands. After the ILLC has transferred part of the funding to the Voices of Children and part of the funding to the Ukrainian co-organizing team headed by Prof. Iryna Khomenko, the responsibility for the financial management of the received funding shifts to the teams in Ukraine. The financial management is to be conducted in line with the laws that are operational in the country where the funding is received. The organization acts under the assumption that the amounts received by the co-organizing team in Ukraine will be not be subject to any income tax or other form of tax. This information is in line with the laws stated at [Законопроекти \(ligazakon.net\)](http://Законопроекти (ligazakon.net)) and the information is in line with the note available in English at: [Tax Changes that will apply during the war - Immigration to Ukraine \(immigration-ukraine.com\)](http://Tax Changes that will apply during the war - Immigration to Ukraine (immigration-ukraine.com)), from which we quote "Charitable assistance provided to participants in hostilities and persons residing in the territory of hostilities is not subject to personal income tax. Also, all non-targeted charitable assistance provided to persons affected by the armed aggression of the Russian Federation is not subject to personal income tax."
